Special Temporary Authority

Dear Counsel:

This is in reference to the request filed December 13, 2005, and supplemented on February 23, 2007, on behalf of CC Licenses, LLC ("CCL"). CCL requests special temporary authority ("STA") to operate Station WHUB with emergency antenna facilities pursuant to Section 73.1680.<sup>1</sup> In support of the initial request, CCL states that, on December 10, 2005, the station's antenna sustained structural damage. And that an emergency antenna had been erected at the licensed site. In its supplemental filing, CCL states that a replacement tower has been constructed and that it has filed an application for direct measurement of operating power, File No. BZ-20061027AHN.

Our review indicates that Application BZ-20061027AHN was granted on April 30, 2007. Thus, STA is no longer necessary.

Accordingly, the request for STA IS HEREBY DISMISSED.

Sincerely,

Charles N. Miller, Engineer
